LAURENCE & BARNES.

Letter to Mr. John Marshall,

Madison, Missouri.

Dear Sir: As a painter you probably use lead and oil, and would naturally object to Devote Ready Paint. Let us have a few words on the subject.

Painters say a good lead and oil job will last three years, and they say a house ought to be painted once in three years.

We take them to mean that their work is good for three years, no more and no less, or not much more and not much less.

Do you want your work to last longer? What do you say to six years? You'd have to have twice as much work, you know, or twice as long to live.

Consider the case of your doctor. You call him in. Is it better for him to get your child out of bed to-morrow, or keep him sick for a month?

You prefer a quick doctor. So does everyone else in your town, county and State. We are all alike; we all want our doctors quick. A doctor, that gets his patients up quick, is the doctor that gets the patients—gets rich too, if he isn't run to death.

It's about the same with a painter. Isn't it? Suppose you paint Devote, and your competitor objects to Devote; your work lasts six years and his work three. You cost your customers half; he costs double. Who'll get the business, and who'll go to Texas?

Devote lasts six years—not exactly, we know of its lasting seventeen and it never wears out in less than three, so far as we know. On a windy sandy seaside house it lasts three years. Lead and oil lasts one year there.

Devote lasts two or three times as long as lead and oil; it's going to paint your town. Do you want to be in it? Talk with our agent, G. W. Robertson about it.

Yours truly,
F. W. Devote & Co.

Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Mrs. Hayes' First Letter Appearing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They told me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. Hayes, 292 Dudley St., (Roxbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Some time ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now."

Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. Hayes, 292 Dudley St., (Roxbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammation; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt. Mrs. Hayes at her above address will gladly answer any letters. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

\$5000 **FORFEIT** If we cannot furnish you the original letters and signature of Lydia E. Pinkham, which will show that the above is true, we will pay you \$5000.

Lydia E. Pinkham's Medicine Co., Lynn, Mass.

JOSEPH BOYD DEAD.

A Prominent Citizen of Mexico Kills Himself With a Rifle—Whether Accidentally or on Purpose is Not Known.

Joseph Boyd died at his residence in Mexico about 9 o'clock Wednesday morning, April 22. Mr. Boyd died from the result of a gun shot wound received about 8 o'clock a. m. on the same day. He shot himself over the right temple with a 22-rifle, either accidentally or on purpose.

The deceased leaves a wife and three children. The children are Mrs. A. L. Card, of Butte, Montana; Mrs. Luke Morris, of Houston, Texas, and Miss Grace, who lives with her mother in this city.

Joe Boyd was a native Missourian, born on the Missouri river in Callaway county, near Jefferson City, on November 21, 1836. His father was prominent in public life. E. A. mother's maiden name was Mary Scott, of Callaway county.

When Joe Boyd was fifteen years of age his father settled at Auxvasse, where he grew to manhood, moving to Mexico in 1860.

During the Civil War the deceased was with Captain Berry's Company of the State Guard, and later entered the regular Confederate Army under Col. Gates. He was captured at Vicksburg and was started north to prison, but rather than be imprisoned he risked his life in an attempt to escape and when near Indianapolis he jumped through a car window while the train was under full speed. He later became First Lieutenant of Co. B, Perkins' Regiment, and was in many of the leading battles of the war, but escaped without a wound. Returning to Missouri after the war he engaged in farming in Callaway, and was married to Miss Minerva Jamison, a member of the well known and highly respected Jamison family of Callaway, his wife being a sister of the widow of Col. Jeff Jones, also sister to the wife of Wm. Harrison.

Before Mr. Boyd moved to Mexico he owned one of the finest farms in the county and was actively engaged in farming and stock raising.

Joe Boyd was a genial gentleman, kind hearted, honest and conscientious in all of his dealing with his fellowmen. His sudden death casts a gloom over this community.

THE CORONER'S INQUEST.

Coroner W. W. Macfarlane held an inquest over the remains Wednesday morning, Mrs. Boyd and her daughter, Miss Grace, testified to having noticed anything strange in the actions of the deceased. Dr. Baskett testified as to the location of the fatal wound and Wm. Harvett, gave testimony as to the kind of rifle used.

The finding of the jury was as follows:

"We, the jury, summoned to pass upon the cause of the death of Joseph Boyd and having viewed the remains and heard the evidence of witnesses, find that his death was caused from a gun shot wound, but whether intentionally or accidental we are unable to determine."
